FUJITSU

Data Sheet
FUJITSU Thin Client FUTRO S540

Ultra-compact Affordable Thin Client

The FUTRO S540 is an ultra-compact affordable Thin Client device for companies that need powerful end-points with an optimal mix of industry leading OS, Thin Client device management consoles and flexible hardware options helping you provide secure computing and full productivity options for your employees.

eLux® RP 6 Thin Client OS and Scout Enterprise Management Suite® 15
Enables you to save on costs upfront and keep your IT infrastructure secure and up-to-date with continuous security patch releases
■ Unicon offers a flexible licensing model that includes the eLux OS and Scout Enterprise Management Suite with long term support for the latest updates

Enterprise-grade Security
Enables you to provide a secure end-point device that helps prevent unauthorized access to sensitive enterprise data
■ Centralized administration and granular access controls coupled with built-in BIOS Security, Write Filter Protection and Kensington lock support

Full productivity
Enables your workforce to be more productive with UC&C and multiple display options and multiple connectivity options that can get work done faster and more efficiently
■ UC&C ready with multi-monitor support for up to two 4K displays and ideal mix of modern (Type-C) and legacy interfaces

Investment Protection
Helps you run your Thin Clients on the latest and most secure versions of the eLux RP and Scout Enterprise Management Suite
■ Scout Subscription helps provide perpetual updates and upgrades to eLux RP 6 and Scout Enterprise Management Suite 15

Lean IT ready
Helps you modernize your workspaces by promoting a Lean IT, clean desk and ergonomic approach without compromising on performance
■ Small footprint, Fanless design, Power-over-Ethernet (PoE) option and optimal Performance-to-Power ratio
Enables you to mount the Flexible Thin Client device using VESA interfaces behind the monitor

Technical details Components

Memory modules	4 GB (1 module(s) 4 GB) DDR4, 2,400 MHz, SO DIMM
	8 GB (1 module(s) 8 GB) DDR4, 2,400 MHz, SO DIMM
Graphics	DP to DVI-D (single link) Adapter Cable
	Display Port to VGA Adapter
Hard disk drives (internal)	SSD SATA, 64 GB, M.2 module, Flash drive (MLC technology), 124 TBW*
	SSD SATA, 32 GB, M.2 module, Flash drive (MLC technology), 62 TBW*
	SSD SATA, 16 GB, M.2 module, Flash drive (MLC technology), 31 TBW*
	SSD SATA, 8 GB, M.2 module, Flash drive (MLC technology), 15 TBW*
Hard disk notes	Important Notice for mSATA Module Use: Due to MLC Technology the device only supports a defined maximum number of Terabytes written.
	Any and all warranty for such devices is limited to this maximum Terabytes written. Please notice the section "restricted warranty" in our warranty book.
	Fujitsu therefore strongly recommends to activate the write filter of the mSATA module once the configuration is finished. This activation ensures the durability of the flash module and is also mandatory to ensure a highest level of IT security (e.g. against virus attacks). In case of a need to enable further write cycles the write filter can then be deactivated again at any time.
	*Terabytes written (TBW) calculated based on JESD-218 SSD Client workload
	One Gigabyte equals one billion bytes, when referring to hard disk drive capacity.
Interface add on cards/components (optional)	
	USB 3.1 (gen1) Type-C
	Internal speaker
	Intel® Dual Band Wireless-AC 9260
Base unit	FUTRO S540
Operating system and software (Linux)	
Operating system	eLux® RP
Functions	eLux® RP 6
	Updates and optional software packages are available at www.myelux.com
Manageability	Scout Enterprise, flash memory management, embedded operating system update and system monitoring, BIOS update, managing devices by location, group or user, individual operating system composition with ELIAS (Scout Enterprise license required)
Operating system and software (Windows)	
Operating system	Windows® 10 IoT Enterprise (Win10IoT)
Functions	Internet Explorer
	Citrix Receiver
	VMware® Horizon Client
Manageability	managing devices by location, group or user
Mainboard	
Mainboard type	D3544-B
Processor	Intel® Celeron® processor (,)
Memory slots	1 SO DIMM (DDR4, 2400 MHz)
Supported capacity RAM (max.)	8 GB
LAN	Built-in 10/100/1,000 MBit/s Realtek RTL8111G
BIOS features	BIOS Flash EPROM update by software
	Recovery BIOS
	Unified Extensible Firmware Interface (UEFI)
Audio type	On board

Mainboard

Audio codec	Realtek ALC671
Audio notes	Loudspeaker (optional)

Interfaces

Audio: line-out	1
Front audio: microphone	1
Front audio: headphone	1
USB 2.0 total	4 (rear)
USB 3.1 Gen1 (USB 3.0) total	2 (front) + (1x Type-C (rear) as option)
USB front	2
USB rear	5
USB internal	1 (pin header)
DisplayPort	2x DP1.2a
Ethernet (RJ-45)	1

Graphics brand name	
Graphics color depth	32 bit colors
TFT resolution (DisplayPort)	up to 4096 x 2160 @ 60Hz
Graphics notes	Graphics resolution depending on operating system and management solution.

Hard disk

Hard disk notes	Important Notice for mSATA Module Use: Due to MLC Technology the device only supports a defined maximum number of Terabytes written. Any and all warranty for such devices is limited to this maximum Terabytes written. Please notice the section "restricted warranty" in our warranty book. Fujitsu therefore strongly recommends to activate the write filter of the mSATA module once the configuration is finished. This activation ensures the durability of the flash module and is also mandatory to ensure a highest level of IT security (e.g. against virus attacks). In case of a need to enable further write cycles the write filter can then be deactivated again at any time. *Terabytes written (TBW) calculated based on JESD-218 SSD Client workload One Gigabyte equals one billion bytes, when referring to hard disk drive capacity.

Electrical values

Rated voltage range	100 V - 240 V (AC Input)
Rated frequency range	50 Hz - 60 Hz
Operating voltage range	100 V - 240 V (AC Input)
Operating line frequency range	50 Hz - 60 Hz

Dimensions / Weight / Environmental

Dimensions (W x D x H)	165 x 147 x 36 mm
Operating position	Vertical / horizontal
Weight notes	Actual weight may vary depending on configuration
Operating ambient temperature	10 - 35 ℃
Operating relative humidity	5 - 85 % (relative humidity)

Compliance

Product	FUTRO S540
Model	TCS4-D3544
Germany	GS
Global	ENERGY STAR® in progress
China	CCC (planned)
Compliance notes	Energy Star compliance may vary depending on actual configuration
Compliance link	https://sp.ts.fujitsu.com/sites/certificates

Security

Physical Security	Kensington Lock support

Security

System and BIOS Security	Write protection for the Flash module Optional: Trusted Platform Module (TPM 2.0) User and supervisor BIOS password

Warranty

Warranty period	2 years (depending on country)
Warranty type	Bring-In Service (for countries within region EMEIA, for all other countries depending on local regulations)
Warranty Terms & Conditions	http://support.ts.fujitsu.com/warranty

Product Related Services - the perfect extension

Recommended Service	X - 9x5, Onsite Response Time: Next Business Day
Spare Parts availability	5 years after end of product life
Service Weblink	http://ts.fujitsu.com/Supportservice

Recommended Accessories

Fujitsu OPTIMIZATION Services

In addition to FUJITSU Thin Client FUTRO S540, Fujitsu provides a range of platform solutions. They combine reliable Fujitsu products with the best in services, know-how and worldwide partnerships.

Fujitsu Portfolio

Build on industry standards, Fujitsu offers a full portfolio of IT hardware and software products, services, solutions and cloud offering, ranging from clients to datacenter solutions and includes the broad stack of Business Solutions, as well as the full stack of Cloud offering. This allows customers to leverage from alternative sourcing and delivery models to increase their business agility and to improve their IT operation's reliability.
